

21th ESVOT CONGRESS

21st - 24th September 2022 - Nice, France

**Welcome
to
Nice!**

SCIENTIFIC PROGRAMME

SCIENTIFIC COMMITTEE

MARC BALLIGAND
Congress Chairman, ESVOT President
EVA SCHNABL-FEICHTER
and **ALDO VEZZONI**

ORGANIZING COMMITTEE

ERIK ASIMUS, ALDO VEZZONI and ERIKA TARAVELLA

Organized in cooperation with

PRE-CONGRESS LABORATORIES – WEDNESDAY – 21st SEPTEMBER 2022

Room Gallieni 5	Room Gallieni 3 & 6	Room Gallieni 7	Room Gallieni 4	Room Gallieni 1 & 2
 <p>Fusion Implants Advanced Veterinary Devices</p>				
Humeral intracondylar fissures and condylar fractures; The application of HIRS and LEAP	Carmelo: New Intrauma Polyaxial Locking System	Infection control and team working in surgery	TTA Rapid & Rapid luxation	Cruciate Deficient Stifle Managed with CORA Based Leveling Osteotomy (CBLO) Introduction and Advanced Techniques
Faculty John Innes, Dan Jones, Ben Walton	Faculty Bruno Peirone, Jorge Leite	Faculty Mirja Nolf, Augusta Pelosi, Denis Verwilghen, Aldo Vezzoni	Faculty Yves Samoy	Faculty Chad Andrews, Fabrice Bernard, Don Hulse, Laura Peycke
<p>09:00 Registration</p> <p>09:30 HIF and humeral condylar fractures in dogs: aetiology and pathogenesis, a review</p> <p>10:15 HIF – Clinical management including the humeral intracondylar repair system</p> <p>11:45 Coffee break</p> <p>12:00 Practical: placing a transcondylar implant. Placing a HIRS implant, including custom drilling guides</p> <p>13:00 Lunch break</p> <p>13:30 Humeral unicondylar fracture management: including the lateral epicondylar anatomic plate</p> <p>14:30 Practical: placing LEAP</p> <p>15:30 Case Discussion and close</p>	<p>09:15 Company Welcome</p> <p>09:30 Carmelo System Features and Biomechanics - Ing. Piero Costa</p> <p>10:15 Carmelo System Instrumentation Range</p> <p>10:30 Coffee break</p> <p>11:00 Carmelo indication and Case report – Jorge Leite</p> <p>11:45 Carmelo indication and Case report – Bruno Peirone</p> <p>12:30 Lunch break</p> <p>14:00 Carmelo Demonstration tips and tricks</p> <p>14:30 Distal Tibia with oblique fracture</p> <p>15:15 Condilar lateral fracture of the Humerus</p> <p>16:00 Pelvis fracture</p> <p>16:45 Round table</p> <p>17:30 End of the course</p>	<p>13:00 Registration and welcome</p> <p>13:15 Strategies to prevent spread of infectious diseases in my surgical practice - Denis Verwilghen</p> <p>13:45 Peri-operative pathways of surgical contamination and infection – Aldo Vezzoni</p> <p>14:15 Perioperative antimicrobial use – Mirja Nolf</p> <p>14:45 Preventing and dealing with Biofilm in wounds and equipment – Mirja Nolf</p> <p>15:15 Coffee break</p> <p>15:30 Review Surgical team preparation techniques – evidence and practice - Denis Verwilghen</p> <p>16:00 Updated patient preparation protocols - Denis Verwilghen</p> <p>16:30 Draping and consumable choices: is there cost benefit for single use - Denis Verwilghen</p> <p>17:00 Introducing checklists in surgery: is there a benefit? – Augusta Pelosi</p> <p>17:30 Surgical Team building: what is it about and how can it have an impact on reducing my complication rates? - Augusta Pelosi</p> <p>18:00 Discussion</p> <p>18:30 End of the course</p>	<p>08:00 Welcome</p> <p>08:30 Stifle anatomy Diagnosis cruciate ligament rupture. Approach to stifle joint</p> <p>09:45 Coffee break</p> <p>10:00 Stifle examination, meniscus treatment. TTA Rapid technique TTA Rapid + Patella luxation Rapid luxation</p> <p>11:00 Pre-op planning of TTA Rapid + Patella luxation/Rapid luxation</p> <p>12:00 Lunch break</p> <p>13:00 Pit falls and solutions</p> <p>13:30 Dry lab TTA Rapid + Patella luxation/ Rapid luxation</p> <p>16:00 Coffee break</p> <p>16:30 Wrap up, questions</p> <p>17:00 End of the course</p>	<p>08:00 Welcome and Introduction</p> <p>08:10 Review CBLO Concept, Indications, & Advantages</p> <p>08:40 Review of Radiographic Planning (Standard Procedure)</p> <p>09:00 Coffee break</p> <p>09:15 Lab 1 – Delegate: Radiographic Planning (Standard Procedure)</p> <p>09:45 Review of CBLO technique (Standard Procedure)</p> <p>10:00 Lab 2 – Delegate: Standard CBLO Procedure (plastic bones)</p> <p>10:45 Radiographic Planning: eTPA, Concurrent Patella Luxation, Juvenile Dogs with Open Proximal Tibial Growth Plate</p> <p>11:30 Lab 3 - Delegate Radiographic Planning: eTPA, Concurrent Patella Luxation, Juvenile Dogs with Open Proximal Tibial Growth Plate</p> <p>12:30 Lunch break</p> <p>13:30 Lab 4 – CBLO and application of ancillary stabilization system for acute instability of stifle</p> <p>14:30 Lab 5 - Concurrent CBLO & Patella Luxation (Plastic Bone)</p> <p>15:30 Coffee Break</p> <p>16:00 Lab 6 – CBLO Procedure with eTPA (Plastic Bone)</p> <p>16:45 Outcomes, complications, questions & answer</p> <p>17:30 End of course</p>

PRE-CONGRESS SEMINARS – THURSDAY – 22nd SEPTEMBER 2022

	Room Hermès MANAGEMENT OF COMPLICATIONS IN TOTAL HIP ARTHROPLASTY WITH BIOMEDTRIX AND KYON SYSTEMS	Room Rhodes 1 ARTHROSCOPY SEMINAR	 Room Rhodes 2 IEWG SESSION International Elbow Working Group Session
	Chairperson: Dan Brown	Chairperson: Philipp Winkels	Chairperson: Herman AW Hazewinkel
09:00 09:20	Prevention and management of post-operative luxation with Biomedtrix system M. Kowaleski (USA), W. Liska (USA), B. Saunders (USA)	Welcome. Canine arthroscopy: past, present, future Philipp Winkels (D)	Welcome, and Pathogenesis of Fragmentation of coronoid process Herman AW Hazewinkel (NL)
09:20 09:40	Prevention and management of post-operative luxation with Kyon system P.Vandekerckhove (BE), O.Lanz (USA), A. Vezzoni (I)	My key points for successful shoulder arthroscopy Peter Böttcher (D)	Different views on the ununited anconeal process Jean-François Bardet (F)
09:40 10:00	Strategies to replace a Kyon cup A. Vezzoni (I), O.Lanz (USA), P.Vandekerckhove (BE)	My key points for successful elbow arthroscopy Bernadette van Ryssen (B)	Different treatments of ununited anconeal process Silvia Boiocchi (I)
10:00 10:20	Strategies to replace a Biomedtrix cup B. Saunders (USA), M. Kowaleski (USA), W. Liska (USA)	Results after elbow arthroscopy are frustrating. My new approach Mike Conzemius (USA)	Treatment of OA of the elbow joint, part 1 Steve Budsberg (USA)
10:20 10:40	Strategies to replace a Biomedtrix stem M. Kowaleski (USA), B. Saunders (USA), W. Liska (USA)	My key points for successful stifle arthroscopy Alexandre Caron (F)	Treatment of OA of the elbow joint, part 2 Steve Budsberg (USA)
10:40 11:00	Strategies to replace a Kyon stem O.Lanz (USA), P.Vandekerckhove (BE), A. Vezzoni (I)	Arthroscopic meniscal repair in dogs PJ Rochelau (CA)	Question and Answers with previous speakers
11:00 11:30	COFFEE BREAK & EXHIBITION		
	Chairperson: Dan Brown	Chairperson: Philipp Winkels	Chairperson: Herman AW Hazewinkel
11:30 11:50	Prevention and management of infection with Biomedtrix system W. Liska (USA), M. Kowaleski (USA), B. Saunders (USA)	My key points for successful tarsus arthroscopy Guillaume Ragetly (F)	Incongruity of the elbow joint; scientific background and clinical implications - Part 1 Peter Böttcher (D)
11:50 12:10	Prevention and management of infection with Kyon system A. Vezzoni (I), O.Lanz (USA), P.Vandekerckhove (BE)	Why needle scope changed my approach to arthroscopy Antonio Pozzi (CH)	Incongruity of the elbow joint; scientific background and clinical implications - Part 2 Peter Böttcher (D)
12:10 12:40	12:10-12:25 Prevention and management of periprosthetic femoral fractures with Kyon system O.Lanz (USA), A. Vezzoni (I), P.Vandekerckhove (BE)	Scoping arthroplasties PJ Rochelau (CA)	Results of treatment of elbow OCD and the use of stem cells Jean-François Bardet (F)
	12:25-12:40 Prevention and management of periprosthetic femoral fractures with Biomedtrix system W. Liska (USA), B. Saunders (USA), M. Kowaleski (USA)		
12:40 13:00	DISCUSSION	DISCUSSION	Elbow osteochondritis dissecans, diagnosis and result from surgical treatment Silvia Boiocchi (I)
			12:50 DISCUSSION
13:00 14:00	LUNCH BREAK & EXHIBITION		

MAIN CONGRESS - THURSDAY - 22nd SEPTEMBER 2022

14:00 15:00	Room Athena OPENING CEREMONY STATE OF THE ART LECTURE Chairperson: Marc Balligand What's new in Human Orthopedics? - Dr. Marc-Olivier Gauci (F)				
	Room Rhodes 1 JOINT ARTHROPLASTY	Room Hermès SPORTS MEDICINE	Room Athena NEW STRATEGIES IN CRUCIATE REPAIR	 Room Rhodes 2 IEWG SESSION International Elbow Working Group Session	Room Risso IN-DEPTH COMPANY SESSION
	Chairperson: Kenneth Johnson	Chairperson: Alessandro Piras	Chairperson: Randy Boudrieau	Chairperson: Herman AW Hazewinkel	
15:10 15:30	Decision making in advanced joint replacement: custom-made or standard implants? Antonio Pozzi (CH)	Managing the Injured Athlete Ellen Marfens (B)	New Strategies in Cruciate Repair Stephen Budsberg (USA)	Radiological investigation of the elbow joint: for clinical patients and for ED screening according to IEWG/FCI, including added value of additional views, overlooked pathology can be detected with an added views Ingrid Gielen (B)	 15:10-17:10 A Step Towards the Future 15:10 - 15:25 Intrauma Innovation and R&D - Ing. Piero Costa 15:25 - 16:05 Carmelo system Case report - Study group - Ken Bruecker, Matthias Frank, Cristobal Frias Rides, Jorge Leite, Filippo Maria Martini, Bruno Peirone, Thomas Schwarzmann 16:05 - 16:10 Questions 16:10 - 16:30 Arthrodesis Case report - Study group - Jan Hnizdo, Jorge Leite, Ullrich Reif, Luca Vezzoni 16:30 - 16:35 Questions 16:35 - 16:55 New Mini DRD - Enrico Panichi 16:55 - 17.10 Clinical Case "Distal Humeral Fracture" - Thibaut Cachon
15:30 15:50	Cup related complications in THR (PE Wear) - Case based Loic Dejardin (USA)	Tendon and ligaments injuries of the foot Alessandro Piras (FIN)	Cranial cruciate disease in the geriatric dog: decision making and treatment options Philipp Schmierer (D)		
15:50 16:10	Clinical outcome of total hip replacement in dogs with confirmed pyoderma at initial consult: the orthopedist-dermatologist paradigm Brian Saunders (USA)	Management of Deep Digital Flexor Tendinopathies of the Pelvic Limb in Sporting and Working Dogs Steve Martinez (USA)	Early partial CCLR: how to diagnose them Antonio Pozzi (CH)	CT-investigation of the elbow joint: special attention for positioning of the dog (examples of difficulties), slice thickness (and examples) and consequences. Use of CT as part of ED-screening (in situations of doubt) and in clinical cases Kerstin von Pückler (D)	
16:10 16:30	THR and Infection: Minimizing the Risk Bill Liska (USA)	Fractures of phalanges: not so easy Alessandro Piras (FIN)	Rotational stifle instability in people and dogs: similarities and differences Antonio Pozzi (CH)		
16:30 17:00	COFFEE BREAK & EXHIBITION				
	Chairperson: Kenneth Johnson	Chairperson: Alessandro Piras	Chairperson: Randy Boudrieau	Chairperson: Herman AW Hazewinkel	
17:00 17:20	Three-dimensional planning in challenging total hip replacement Mike Kowaleski (USA)	Disorders/Injuries of the thigh muscles: think about it! Rico Vannini (CH)	Positioning is crucial in TPLO: using a THR positioning device for fixing the tibia Philipp Winkels (D)	A variety of clinical cases and cases offered for ED- screening are handled by both experiences radiologists. Subtle abnormalities can be the indication of otherwise hidden pathology. By preoperative training the practicing veterinarian will develop the skills to make maximal use of the information on radiograph or CT images Ingrid Gielen (B), Kerstin von Pückler (D)	 17:10-18:40 Angular corrections. Faster and more accurate Faculty Pedro Godinho, Ana Puentes (engineer) 17:10 New strategies. Virtual surgery planning, anatomical models & patient specific surgical guides 17:25 Case reviews: From radius deviation and patellar luxation to complex shoulder and knee deformities 17:55 Drylab engineers & vets. Anatomical models surgical guides 18:40 End of the session
17:20 17:40	Appearance of postoperative cup position on CAD simulation of radiographic projections; apparent cup version can be very misleading Alexis Bilmont (F)	Orthopedic injuries in marathon sled dogs Dirsko von Pfeil (USA)	Multiple ligament injury of the stifle (CCL and collateral ligament rupture) treated by TPLO, internal brace and repair of collateral ligament: 2 cases Thibaut Cachon (F)		
17:40 18:00	Free communication Calculation of femoral stem version from a mediolateral projection femur radiograph - Caleb Hudson	Insertional tendinopathies of the gastrocnemius M. - an underestimated problem (not only in sporting dog) Rico Vannini (CH)	Pet implants for CCL reconstruction in the dog Mike Conzemius (USA)		
18:20 18:40	Estimating the Angle of Lateral Opening of the BFX cup using an intraoperative lateral view Mike Kowaleski (USA)	How I manage Supraspinatus tendinopathies in sporting and non-sporting dogs Steve Martinez (USA)	Unresolved lameness after TPLO surgery. Is Patellar Tendon guilty? Does ultrasound help in finding the cause of pain? Giliola Spattini (I)	18:00 END OF THE SESSION	
18:40 19:00	DISCUSSION	DISCUSSION	DISCUSSION		
19:00 20:00	Room Athena CLINICAL ARENA 3D Printed templates and guides - When are they really needed? How and when do I use them Chairperson: Mike Kowaleski Experts: Jason Bleedorn (USA), Julien Cabassu (F), Massimo Petazzoni (I)				
20:00 22:00	WELCOME RECEPTION				

MAIN CONGRESS – FRIDAY MORNING – 23rd SEPTEMBER 2022

	Room Rhodes 1 JOINT ARTHROPLASTY	Room Hermès DIAGNOSTIC IMAGING	Room Athena TRAUMATOLOGY I	Room Rizzo REGENERATIVE MEDICINE NEW SOLUTIONS	Room Rhodes 2 GECOV SESSION A JOURNEY AROUND THE PELVIS
	Chairperson: Loïc Déjardin	Chairperson: Bernadette Van Ryssen	Chairperson: Randy Boudrieau	Chairperson: Marc Balligand	
09:00 09:20	THR in dogs: my learning curve Bruno Peirone (I)	Muskuloskeletal MRI Kerstin Von Pueckler (D)	The polytrauma patient: importance of treatment timing with bone and soft tissue injuries - Ullrich Reif (D)	Deer antler: perspectives of use in veterinary orthopedics surgery Marc Balligand (B)	09:00 Hip dysplasia: controversies in early diagnostic Luca Vezzoni (I)
09:20 09:40	Free communication Pyoderma discovered at the time of surgical clipping for Total Hip Replacement: risk factors and outcomes - Hollie Horton	Comparative Diagnostic Imaging of the menisci Nele Ondreka-Eley (D)	Unravelling the magic of NPWT- what does it actually add in our wound patients Mirja Nolff (CH)	Use of omentum to improve bone healing Peter Böttcher (D)	09:20 Symphysiodesis: and the dysplasia goes away... Does it? Thibaut Cachon (F)
09:40 10:00	Innoplant THR system - options and strategies (use of 3Con stem and 2 nd generation TPS stem with last generation of screw cup- outcomes and complications) - Jan Hrizdo (CZ)	The role of Ultrasound in the diagnosis of iliopsoas injury. Can ultrasound have a role in patients presented for pain on hip extension? - Giliola Spattini (I)	Preoperative planning in fracture repair: how do I teach my residents? Jean Guillaume Grand (F)	Free communication Early experience with trochlear ridge prosthesis for reshaping the femoral trochlear ridges in dogs with patellar luxation - Tommaso Nicetto	09:40 Round table - Pelvic osteotomies or no pelvic osteotomies? Let's debate Julien Cabassu (F), Guillaume Ragely (F)
10:00 10:20	Hip joint replacement, risk factors for complication and prevention: challenging cases Steve Budsberg (USA)	Free communication Patella proximo-distal displacement following modified maquet technique is not predictive of patella luxation - Thomas Giansetto	Implant size, does it matter? How to select the correct implant Ullrich Reif (D)	Use of UHMWPE prosthesis for the surgical treatment a non-reconstructible comminuted fracture of the olecranon in a dog David Jacques (F)	10:10 Hip arthroscopy: an interesting diagnostic tool in the decision-making therapeutic process Alexandre Guillemot (F)
10:20 10:40	Long Term Outcome of the Kyon Cupless Hip System in 20 dogs Otto Lanz (USA)	Ultrasonography and tendinopathy Kerstin Von Pueckler (D)	Self-powered exoprosthesis in dogs Eva Schnabl-Feichter (A)	ACP injections in medial compartment disease: what do we inject and what outcome to expect? Julien Cabassu (F)	10:30 Clinical cases: complex hip joint surgeries Alexis Bilmont (F), Iban Irubetagoiena (F), Nicolas Jardel (F)
10:40 11:00	Force Plate Analysis evaluation of functional recovery in dogs after Z-THR Bruno Peirone (I)	Flexor enthesiopathies and palmar/ plantar ligament injuries Nele Ondreka-Eley (D)	Temporary arthrodesis in cases of joint instability Luca Vezzoni (I)	The Clinical Use of and Experience with Tendon Allografts For Calcanean (Achilles) Tendon Repairs In Dogs Steve Martinez (USA)	
11:00 11:30	COFFEE BREAK & EXHIBITION				
	JOINT ARTHROPLASTY	DIAGNOSTIC IMAGING	PHYSIOTHERAPY	REGENERATIVE MEDICINE NEW SOLUTIONS	GECOV SESSION A JOURNEY AROUND THE PELVIS
	Chairperson: Loïc Déjardin	Chairperson: Bernadette Van Ryssen	Chairperson: Janet Van Dyke	Chairperson: Marc Balligand	
11:30 11:50	Total Hip prosthesis in small dogs- is there still room for FHO? Philipp Schmierer (D)	The high-resolution US (ultrasound) in evaluating the injured carpus: can help us identify the main problem for a better treatment planning? Giliola Spattini (I)	Walkway versus Instrumented Treadmill for Detecting Lameness in Dogs Matthew Allen (UK)	A tissue engineering strategy for canine cartilage lesions: progress toward a clinically-relevant osteochondral implant Brian Saunders (USA)	11:30 THR: how early can we recommend it? Laurent Guiot (USA)
11:50 12:10	Zurich Cementless Mini THR in cats and small size dogs Aldo Vezzoni (I)	Imaging elbow dysplasia: I spy with my little eye something that is... (Pitfalls and perception) Kerstin Von Pueckler (D)	Postural Stability - measuring the COP on a Pressure Plate - new insights into canine biomechanics? Barbara Bockstahler (A)	Resurfacing in cartilage lesions. Overkill or the new way to go? Philipp Schmierer (D)	12:00 THR planning: identification of risk factors Mike Kowaleski (USA)
12:10 12:30	Free communication Biomechanical comparison of three surface geometry of uncemented acetabular cups on the primary stability in dogs - Valentine Pollet	Diagnostic imaging of the canine shoulder - Ultrasound and MRI Nele Ondreka-Eley (D)	Nutrition and neuroceuticals Yves Samoy (B)	Extracellular Vesicles: Regenerative Medicine 2.0 Nicole Ehrhart (USA)	
12:30 12:50	Micro THR - 15 Years of Experience Bill Liska (USA)	Imaging findings of complications in bone healing Nele Ondreka-Eley (D)	Weight loss programs: why are we not interested? Why they do not work? Philipp Winkels (D)	Use of canine marrow stromal cells (cMSCs) and tissue engineering scaffolds for bone regeneration: in vitro and initial laboratory animal experience - Brian Saunders (USA)	12:30 Clinical cases: complex hip joint surgeries Alexis Bilmont (F), Laurent Guiot (USA)
12:50 13:00	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION
13:00 14:00	LUNCH BREAK & EXHIBITION				

MAIN CONGRESS – FRIDAY AFTERNOON – 23rd SEPTEMBER 2022

14:00 14:50	Room Athena STATE OF THE ART LECTURE Chairperson: Bruno Peirone Great Danes and Granddads: how comparative aging research is moving the Needle in Longevity Therapeutics - Nicole Ehrhart (USA)				
	Room Rhodes 1 JOINT ARTHROPLASTY	Room Risso NEW SOLUTIONS	Room Athena PHYSIO AND REHAB	Room Hermès TRAUMATOLOGY II REVISION STRATEGIES	Room Rhodes 2 GECOV SESSION A JOURNEY AROUND THE PELVIS
	Chairperson: Laurent Guiot	Chairperson: John Houlton	Chairperson: Alessandro Piras	Chairperson: Jordi Franch	
15:00 15:20	Early experiences with patient specific elbow resurfacing implants Peter Böttcher (D)	Shoulder Instability: examination, treatment, post-op care with focus on sporting dogs Dirsko von Pfeil (USA)	Influence of isometric exercises on an Imoove® on ground reaction forces of dogs Barbara Bockstahler (A)	Plate and rod constructs: analysis of clinical failures Marc Balligand (B)	15:00 Hip luxation: long-term results Iban Irubetagoiena (F)
15:20 15:40	Initial evaluation and outcome of the Kyon total elbow system in 8 dogs Otto Lanz (USA)	Free communication Treatment and outcome of thoracic and pelvic limb injuries sustained by agility dogs - Nina Kieves	Evaluation of Cold compression therapy for pain and oedema management after TPLO Thibaut Cachon (F)	How will your construct fail? A case-based Discussion of fracture mechanics Ben Walton (UK)	15:20 Pelvic fractures: which way to go? Which way to fix? Alexandre Guillemot (F)
15:40 16:00	Free communication Tendinopathy of the extensor carpi radialis: a new cause of carpal lameness - Alfonso Chico	Tibial physcal fractures: treatment via minimally invasive orthopedics Dirsko von Pfeil (USA)	Does wearing a guide dog harness affect ground reaction forces? Barbara Bockstahler (A)	Postoperative evaluation in fracture repair: how do I teach my residents? Jean Guillaume Grand (F)	15:40 Tips and tricks for pelvic fractures David Jacques (F)
16:00 16:20	Patient-specific versus generic cutting guides in canine total knee replacement Matthew Allen (UK)	Free communication Early clinical experience with a novel anatomic angle stable interlocking nail for fracture repair in dogs and cats - Josephine Roels	The effect of the underwater treadmill on hip dysplasia Yves Samoy (B)	Failures and new strategies in fracture repair Steven Budsberg (USA)	16:00 Pelvic fractures: how to avoid postoperative loosening? Implants selection and surgical planning Nicolas Jardel (F)
16:20 16:30	DISCUSSION				
16:30 17:00	COFFEE BREAK & EXHIBITION				
	JOINT ARTHROPLASTY	OUTCOME ASSESSMENT	PHYSIO AND REHAB	TRAUMATOLOGY II REVISION STRATEGIES	GECOV SESSION A JOURNEY AROUND THE PELVIS
	Chairperson: Laurent Guiot	Chairperson: Dominique Griffon	Chairperson: Rico Vannini	Chairperson: Jordi Franch	
17:00 17:20	Trochlear Ridge Arthroplasty: a novel partial knee prosthesis Jan Hnizdo (CZ)	Automated collection of client-reported outcomes measures (CROMs) in veterinary orthopaedics: framework and initial finding John Innes (UK)	How I Rehabilitate THR's Martens Ellen (B) Janet van Dyke (USA)	What went wrong with this fracture repair? Diagnostic failures and decision-making process for revision surgery Jean Guillaume Grand (F)	17:00 Sacro-coccygeal fracture/ luxations? Which prognosis Julien Cabassu (F)
17:20 17:40	Acetabular rim extension for young dogs with hip dysplasia: surgical technique and results of first cohort Bjorn Meij (NL)	Estimating minimal clinically-important difference (MCID) for LOAD and CBPI John Innes (UK)	How I Rehabilitate TPLO's Martens Ellen (B) Janet van Dyke (USA)	Revision strategies in cases of non-union Luca Vezzoni (I)	17:20 Clinical cases: complications management in joint surgery Alexis Bilmont (F), Nicolas Jardel (F)
17:40 18:00	Free communication Stabilization of multiple ligament - injured stifle using an ultra high molecular weight polyethylen (uhmwpe) ligament in one dog and three cats - Philippe Buttin	Validation of an activity monitor in the dog Mike Conzemius (USA)	Current Controversies and Science Related to Physical Modalities in Rehabilitation Janet van Dyke (USA)	Revision strategies in failed osteosynthesis – Case based Loïc Déjardin (USA)	
18:00 18:10	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION
18:10	ADJOURN				

MAIN CONGRESS – SATURDAY MORNING – 24th SEPTEMBER 2022

	Room Athena FELINE ORTHOPEDICS	Room Hermès ANYTHING NEW FOR ED	Room Rhodes 1 LIMB ALIGNMENT	Room Rhodes 2 SURGICAL SITE INFECTIONS	Room Risso IN-DEPTH COMPANY SESSION
	Chairperson: Gary Clayton-Jones	Chairperson: Matthew Allen	Chairperson: Mike Kowaleski	Chairperson: John Innes	 <p style="text-align: center;">Surgical management of elbow dysplasia</p> <p>9:00 Kyon's medial elbow replacement Otto Lanz</p> <p>9:20 Q&A</p> <p>9:30 TATE elbow by BioMedtrix Loïc Déjardin</p> <p>9:50 Q&A</p> <p>10:00 End of the session</p>
09:00 09:20	Feline polyarthritis David Jacques (F)	What did we learn about medial compartment diseases and how it affects prognosis? - Peter Böttcher (D)	Treatment of complex hind limb deformities Massimo Petazzoni (I)	Defining Surgical Site infections: Why is it important? Denis Verwilghen (AUS)	
09:20 09:40	Use of a nanoscope in cats Eva Schnabl-Feichter (A)	Revisiting Humeral Osteotomies for the Management of Medial Compartment Disease: In Silico Modelling and Ex-vivo testing - Ben Walton (UK)	Mixed reality: the new era for orthopaedic surgery? Alexandre Caron (F)	Comparison of hydroalcoholic rubbing and conventional chlorhexidine scrubbing for aseptic skin preparation in dogs - Erik Asimus (F)	
09:40 10:00	Breed related feline orthopaedic disease Sorrel Langley-Hobbs (UK)	PLUS, Petazzoni longitudinal ulnar splitting to treat elbow medial compartment disease - Massimo Petazzoni (I)	Balancing osteotomies of the knee - new indications and outcomes Jan Hnizdo (CZ)	The role of hands and hand hygiene in hospital care Denis Verwilghen (AUS)	
10:00 10:20	Strategies to avoid rigid post OP immobilization in feline traumatology Sebastian Knell (CH)	Radio Ulnar Ischemic Necrosis in dogs: what do we know so far? Guillaume Ragety (F)	Saw and reduction guide for distal femoral osteotomy (SARG-DFO) - a 3D printed universal guide Ulrich Reif (D)	Free communication Intraoperative antiseptic lavage with Simini for prevention and for treatment of SSI - Ida Forzisi	
10:20 10:40	Comminuted fracture repair in cats Eva Schnabl-Feichter (A)	Free communication Long-term outcome in dogs with elbow dysplasia assessed by the canine orthopaedic index - Christina Obel	Management of patellar luxation in young growing dogs Jason Bleedorn (USA)	Surgical Site Preparation Year 2022 Denis Verwilghen (AUS)	
10:40 11:00	DISCUSSION				
11:00 11:30	COFFEE BREAK & EXHIBITION				
	FELINE ORTHOPEDICS	ARTHROSCOPY	LIMB ALIGNMENT	SURGICAL SITE INFECTIONS	IN-DEPTH COMPANY SESSION
	Chairperson: Gary Clayton-Jones	Chairperson: Mike Conzemius	Chairperson: Mike Kowaleski	Chairperson: John Innes	 <p style="text-align: center;">11:30-13:00</p> <p style="text-align: center;">OrthoLine – First Impressions of a Novel Fracture Repair System</p> <p>Faculty: Peter Böttcher, Antonio Pozzi</p>
11:30 11:50	Feline bilateral sacroiliac luxation: medium-term outcome following surgical stabilization with transsacral mini-tight rope in 9 cats Alexandre Caron (F)	Positioning is crucial in stifle arthroscopy: modification of a stifle positioning device Philipp Winkels (D)	Bone lengthening and widening for limb sparing Massimo Petazzoni (I)	Does it need a Biocid? Comparison of Octenidine versus pure alcohol for perioperative skin disinfection Mirja Nolff (CH)	
11:50 12:10	Clinical application of mini locking plate in feline traumatology Bruno Peirone (I)	Simple arthroscopic approach for elbow OCD: what should we expect? Guillaume Ragety (F)	3D printing (bone models + CAD guides) Jason Bleedorn (USA)	Antimicrobial susceptibility testing: present and future Luca Guardabassi (DK)	
12:10 12:30	The Feline Ramus Anatomic Plate (RAP): a site specific bone plate for caudal mandibular fractures Ben Walton (UK)	Stifle joint arthroscopy: how did I become surgically efficient? (Tips and tricks) Alexandre Caron (F)	Microwave ablation as part of limb sparing multimodal therapy in a dog with appendicular osteosarcoma David Jacques (F)	The effect of ICU interventions in preventing SSI. Augusta Pelosi (USA)	
12:30 12:50	Treatment of long bone fractures using interlocking nails in cats Loïc Déjardin (USA)	Stifle arthroscopy: when it's not simply a cranial cruciate tear Julien Cabassu (F)	Limb salvage in the age of regenerative medicine: pitfalls, potential and solutions Nicole Ehrhart (USA)	Free communication Rate of infection and postoperative meniscal tears of a modified cranial closing wedge osteotomy (ccwo) with and without meniscal evaluation for treatment of cclr in 164 dogs >50kg - Laurent Guenegou	
12:50 13:00	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION	
13:00 14:00	LUNCH BREAK & EXHIBITION				
13:00 13:30	<p style="color: orange;">Room Risso</p> <p>ESVOT GENERAL MEETING (Reserved to ESVOT Members 2022) Including snacks and drinks</p>				

MAIN CONGRESS – SATURDAY AFTERNOON – 24th SEPTEMBER 2022

14:00 14:50	Room Athena STATE OF THE ART LECTURE Chairperson: Aldo Vezzoni Defining success in Orthopedic Surgery - Bill Liska (USA)				
	Room Athena FELINE ORTHOPEDICS	Room Hermès ARTHROSCOPY	Room Rhodes 1 LIMB ALIGNMENT AND OTHERS	Room Rhodes 2 SURGICAL SITE INFECTIONS	
	Chairperson: Eva Schnabl-Feichter	Chairperson: Don Hulse	Chairperson: Peter Boettcher	Chairperson: Gert Niebauer	
15:00 15:20	Hip problems in the cat Sorrel Langley-Hobbs (UK)	Arthroscopic diagnosis, treatment and staging of septic arthritis Mike Kowaleski (USA)	Rethinking MPL - How do we structure our decision making Sebastian Knell (CH)	Which antibiotic is the right one Luca Guardabassi (DK)	
15:20 15:40	Feline capital physeal dysplasia: clinical outcome of surgical repair using minimally invasive osteosynthesis Laurent Guiot (USA)	Positioning is crucial in elbow arthroscopy: modification of a paw positioning device Philipp Winkels (D)	Semicylindrical recession trochleoplasty for patella luxation Mike Conzemius (USA)	Antimicrobial treatment of MDR infections Luca Guardabassi (DK)	
15:40 16:00	Feline patella luxation Sorrel Langley-Hobbs (UK)	Free communication Proximal ulnar osteotomy as a treatment for humeral intracondylar fissure in spaniel breed dogs: preliminary study results - Alan Danielski	Free communication Effect of plate type on tibial plateau leveling and medialization osteotomy for treatment of cranial cruciate ligament rupture and medial patella luxation in small breed dogs - Melania Dallago	Making the most of your skin grafts (will also contain quite a bit on NPWT) Mirja Nollf (CH)	
16:00 16:30	COFFEE BREAK & EXHIBITION				
	Chairperson: Eva Schnabl-Feichter	Chairperson: Don Hulse	Chairperson: Peter Boettcher	Chairperson: Jordi Franch	Room Risso IN-DEPTH COMPANY SESSION
16:30 16:50	Fractures of the radius on very small dogs (<3 kg) treated with 1.3 or 1.5 locking plates. Retrospective study (>30 cases) Erik Asimus (F)	Glenoid cavity pathology: a variety of lesions Bernadette Van Ryssen (B)	Accuracy of patient-specific cutting and reduction guides for antebrachial osteotomies: a CT based measurement in 6 degrees of freedom Alexis Bilmont (F)	NEW SOLUTIONS Covid 19-induced changes in our profession: the masks, the distance, the owner-veterinarian relation Augusta Pelosi (USA)	
16:50 17:10	Strategies to stabilize distal articular femoral fractures Julien Cabassu (F)	Lesions of the biceps tendon: challenging pathology Bernadette Van Ryssen (B)	Elbow incongruency + antebrachial limb length disparity Jason Bleedorn (USA)	Free communication Quantification of skin wound tension using a newly invented wound tensiometer - Felix Lackmann	16:30-18:30 Complex surgical cases: the role of preoperative planning, implant choice and patient-specific solutions
17:10 17:30	Clinical evaluation of a new angle stable interlocking nail for treatment of long bone fractures Thibaut Cachon (F)	Free communication Surgical treatment of non-mineralized supraspinatus tendinopathy in dogs: a retrospective long term follow up - Lisa Adele Piras	Free communication Custom made sliding humeral osteotomy (sho) implants, outcome and complications compared to standard implants - Pedro Nuno Campos Godinho	Adipose-derived mesenchymal stem cells and bioactive bioceramic scaffolds: from fat to fracture Jordi Franch (E)	16:30-16:40 Introduction (A. Pozzi) 16:40-17:05 Pre-operative planning and implant choice in complex fractures (A. Artilles)
17:30 17:50	Fractures of the Pelvis and Acetabulum Erik Asimus (F)	Carpal arthroscopy: assessment of the use of arthroscopy as a diagnostic tool in traumatic injuries of antebrachiocarpal joint in dogs Thibaut Cachon (F)	Additive manufacturing of titanium implants for skull reconstruction in canine oncological surgery Bjorn Meij (NL)	Free communication Efficacy and safety assessment of a self-setting bone substitute (alpha-tcp) as an efficient alternative to autografts - Guillaume Ragetly	17:05-17:15 Discussion 17:15-17:40 Patient-specific implants in knee surgery (L. Vezzoni) 17:40-17:50 Discussion
17:50 18:10	Evolution of MIO techniques for humeral fracture repairs, from diaphyseal to comminuted articular fractures Laurent Guiot (USA)	2 nd look arthroscopy: diagnostic tool or unethical practice? Mike Conzemius (USA)	Veterinary orthopaedic implants: is it time we introduced a voluntary regulatory framework? John Innes (UK)	Free communication Do locking screws prevent in-vivo fretting? A digital stereo-microscopic study of explanted stainless steel locking bone plates - Jean-Benoit Lefebvre	17:50-18:15 Patient-specific implants in hip and elbow surgery (A. Pozzi) 18:15-18:25 Discussion 18:25-18:30 End of the session
18:10 18:20	DISCUSSION	DISCUSSION	DISCUSSION	DISCUSSION	
18:20 18:30	Room Athena CLOSING CEREMONY AND AWARDS				

ESVOT thanks the Sponsors for the invaluable support given to the realization of the Congress
